Chairman's Message

Thank you for entering the 2021 Southern Cross Exhibition. We had a few more entrants this year and numbers were almost back to pre-pandemic levels. As conditions in Australia have improved significantly we were able to judge in-person this year. Another byproduct of the pandemic is additional interest from overseas clubs (sparked by more visitors to zoom meetings), so this year year's Southern Cross will be exhibited at the Sydney Stereo Camera Club, the Victorian 3D Society, the Stereoscopic Society of New Zealand, the Swiss Society for Stereoscopy, as well as UK Stereoscopic Society exhibitions at Coventry and London.

For the second consecutive year, new exhibitors have done well with many acceptances and two medals, including the Open Best of Show! I hope this great result will further encourage new entrants so we can share exhibitions with even more scope and diversity. This is what international exhibitions are all about.

The definition for Macro was relaxed a little this year - the maximum subject size increased from 25 to 50mm. Stereo macro photography presents significant challenges to stereo photographers, so naturally the number of images this year was again lower than the Open section, but I'm happy to report that the standard was again very high. We will continue to expand the scope so next year's set-subject will include "close-up" subjects. As you can see we're gradually heading back to Landscapes:-)

Thanks again for entering and contributing to our exhibition, and of course a special thank you to our judges, Ray & Nancy Moxom and Mark Brennan for their time, expertise, rigour and objectivity.

Jim Metcalfe
Chairman, Southern Cross Exhibition
